

Intermediate Marina Manager (IMM)

Kıyı İstanbul Marina / Turkey- Istanbul

• 26–29 October 2026

Advance your marina management career with GMI's Intermediate Marina Manager course. This four-day, instructor-led programme blends operations, finance, customer experience, and leadership to prepare professionals for senior roles in marina businesses.

Key highlights:

- Marina operations excellence: safety, maintenance, and sustainable practices
- Commercial performance: budgeting, KPIs, pricing, and revenue optimisation
- Customer journey & service standards across leisure and superyacht segments
 - People & leadership: staffing, training, and team culture
 - Risk, compliance & environmental responsibilities

Practical information:

- Format: Classroom-based with interactive workshops and case studies
 - Language: English
- Audience: Marina supervisors, assistant managers, and emerging leaders
- Prerequisites: at least one year's experience at supervisory/management level in a marina
